Au revoir  
Dear old Calgary

## Call Again!

Before the new manager of the Hudson's Bay department store in Calgary can fairly start, and especially before he can make his acquaintance, is a good time for us to speak out our mind about the methods of the local institution. In the first place, it is the most expensive store to deal with in the city and has done more to keep up prices than any other place of business in the West.

In Toronto the big departmental stores of Eaton's and Simpson's are veritable showplaces to people of moderate means. Everybody is of moderate means these days. In Winnipeg, again, Eaton's long ago brought down prices and kept them there. In Calgary, with respect to the big Hudson's Bay store, it is the very opposite. The public, especially the female sex, get "bad" right and left in the crowded and most old-fashioned manner. We would use the word "barbaric" if it were not inhuman, but the greater the truth the greater the fact, and we have been there. So let us tell all a "badger."

This week you will see advertised their ladies fall suits, ranging from \$75 to \$100. These suits are not a bad lot of goods. They are not a bad lot of goods. They are not a bad lot of goods.

It is the manager of all other articles of women's attire—hats, veils, gloves, shoes, stockings, etc. The prices are high, and the quality is poor. The manager of all other articles of women's attire—hats, veils, gloves, shoes, stockings, etc. The prices are high, and the quality is poor. The manager of all other articles of women's attire—hats, veils, gloves, shoes, stockings, etc. The prices are high, and the quality is poor.

Of course the women do not have to buy these things unless they want them. We know all about it. There is nothing to be done about it. If it were not for the fact that it is a shame, it is a shame. If it were not for the fact that it is a shame, it is a shame. If it were not for the fact that it is a shame, it is a shame.

Our local Hudson's Bay store is the most disgustingly attractive institution in Calgary. When women have their homes of an afternoon to come down town, they instinctively gravitate towards the Bay. They go to see the window displays. They go to see the window displays. They go to see the window displays.

We are not giving any concrete cases of exorbitant prices in this case. Keeping a stock of them in reserve is one operation is taken to these remarks.

And how do the young girls of the city who do their buying at the Bay's "Young" that it is the most expensive store to deal with in the city and has done more to keep up prices than any other place of business in the West.

The Faculty of trying to reduce the price level on the other side is indicated by the somewhat amusing announcement that the bookkeepers of Chicago are going to be compensated by pay amount tax on their shops product.

Obviously one hundred years ago the world was much different from the world of today. The following from the London Times:

We remember with pain that the London Times, in 1847, published a notice which has been often quoted. It was a notice which has been often quoted. It was a notice which has been often quoted.

We are not giving any concrete cases of exorbitant prices in this case. Keeping a stock of them in reserve is one operation is taken to these remarks.
